---

## EDUCATION

---

### Federal University of Paraná

Bachelor of Architecture and Urbanism

Curitiba, Brazil.

Expected Graduation: Jul. 2027

---

## RESEARCH

---

### Federal University of Paraná,

*Undergraduated Research Student*

Curitiba, Brazil.

Sept. 2025 - Present

Advisor: Dr. Lisana Schmitz

Project: Climatic extremes, strategies, and urban resilience on a university campus: a case study of the Polytechnic Center of UFPR, Curitiba

- Conducted bibliographic and documentary review on climate extremes, nature-based solutions, and urban resilience to support the theoretical framework of the research.
- Designed and supported fieldwork activities for environmental measurements and open space analysis to generate empirical data for campus-scale assessment.
- Analyzed vulnerability and exposure to climate extremes in campus open spaces to identify risk patterns and inform resilience strategies.

---

## EXPERIENCE AND SERVICE

---

### Municipal Department of Urbanism

*Intern at the Building Control Department*

Curitiba, Brazil.

Oct. 2023 - Jul. 2025

- Screened and organized electronic processes for project analysis and inspection processes.
- Executed preliminary evaluation of architectural projects and CVCO documentation, collaborating with supervisors to validate compliance with standards.
- Participated construction site inspections to ensure compliance with regulatory standards and approved specifications.
- Provided technical support to the team and trained new interns on internal procedures to ensure standardization of internal process.

### 21st National Meeting of the National Association of Graduate Studies and Research in Urban and Regional Planning (ENANPUR)

*Monitor and Moderator*

Curitiba, Brazil.

May 2025

- Managed sessions by monitoring presentation timing and coordinating speaker transitions, ensuring event stayed on schedule.
- Facilitated audience engagement by organizing participants questions and supporting interactive Q&A sessions, enhancing overall event participation.

### 7th International Congress of Landscape Architecture

*Monitor and Graphic Products Assistant*

Curitiba, Brazil.

May 2024

- Worked at the reception desk, focusing on participant welcoming and registration.
- Collaborated in the development of the event's visual identity as part of the working group, contributing to the creation of the posters materials.
- Developed cost estimates and budgets for the graphic products, optimizing resources and contributing to cost savings for the event.

---
